**DATA SOURCES**

**Cases and Deaths:** State values are calculated by aggregating county-level data from USAFacts; therefore, the values may not match those reported directly by the state. Data is through 6/20/2020; last week is 6/14 – 6/20, previous week is 6/7 – 6/13.

**Testing:** CELR (COVID Electronic Lab Reporting) state health department-reported data and HHS Protect laboratory data (provided directly to Federal Government from public health labs, hospital labs, and commercial labs) through 6/17/2020. Last week is 6/11 – 6/17, previous week is 6/4 – 6/10.

**Mobility:** Descartes Labs. This data depicts the median distance moved across a collection of mobile devices to estimate the level of human mobility within a jurisdiction; 100% represents the baseline mobility level. Data through 6/19/2020.

**Data Sources**

**Cases and Deaths:** State values are calculated by aggregating county-level data from USAFacts; therefore, the values may not match those reported directly by the state. Data is through 6/20/2020; last week is 6/14 – 6/20, previous week is 6/7 – 6/13.

**Testing:** CELR (COVID Electronic Lab Reporting) state health department-reported data and HHS Protect laboratory data (provided directly to Federal Government from public health labs, hospital labs, and commercial labs) through 6/17/2020. Last week is 6/11 – 6/17, previous week is 6/4 – 6/10.

**Mobility:** Descartes Labs. This data depicts the median distance moved across a collection of mobile devices to estimate the level of human mobility within a jurisdiction; 100% represents the baseline mobility level. Data through 6/19/2020.

## DATA SOURCES

**Cases and Deaths:** State values are calculated by aggregating county-level data from USAFacts; therefore, the values may not match those reported directly by the state. Data is through 6/20/2020; last week is 6/14 – 6/20, previous week is 6/7 – 6/13.

**Testing:** CELR (COVID Electronic Lab Reporting) state health department-reported data and HHS Protect laboratory data (provided directly to Federal Government from public health labs, hospital labs, and commercial labs) through 6/17/2020. Last week is 6/11 – 6/17, previous week is 6/4 – 6/10.

**Mobility:** Descartes Labs. This data depicts the median distance moved across a collection of mobile devices to estimate the level of human mobility within a jurisdiction; 100% represents the baseline mobility level. Data through 6/19/2020.

**Data Sources**

**Cases and Deaths:** State values are calculated by aggregating county-level data from USAFacts; therefore, the values may not match those reported directly by the state. Data is through 6/20/2020; last week is 6/14 – 6/20, previous week is 6/7 – 6/13.

**Testing:** CELR (COVID Electronic Lab Reporting) state health department-reported data and HHS Protect laboratory data (provided directly to Federal Government from public health labs, hospital labs, and commercial labs) through 6/17/2020. Last week is 6/11 – 6/17, previous week is 6/4 – 6/10.

**Mobility:** Descartes Labs. This data depicts the median distance moved across a collection of mobile devices to estimate the level of human mobility within a jurisdiction; 100% represents the baseline mobility level. Data through 6/19/2020.
