Attachments: DRAFT INTERIM GUIDANCE FOR COMMUNITIES OF FAITH 5-17 SMD2.docx (50.13 kB)

Flagging that the problematic guidance is still online and DOJ is still receiving incoming. I tried to make the changes in the attached (on top of Kellyanne edits) to get over to OIRA today. So, with any luck you should see that soon.

This removes all of the tele-church suggestions, though personally I will say that if I was old and vulnerable (I do feel old and vulnerable), drive through services would sound welcome.

May

Subject: CDC Interim Guidance

Hi folks,

I got a reach out from some folks here raising concerns about the fact that the "interim" CDC guidance on houses of worship is still online. Is there any plan for HHS to take that down/be replaced?
